4-H Experiential Learning

4-H has a long history of “learning by doing”. Experiential learning happens when a person gets involved in an activity, looks back at the experience critically, determines what was useful or important to remember from the activity, and uses this information in doing something else. It is more than doing activities as experiential learning involves discussing what was done (what), thinking about what was learned (so what) and applying new skills and information to a real life experience (now what).

4-H Pledge

I pledge:

My  **HEAD** to clearer thinking

My  **HEART** to greater loyalty,

My  **HANDS** to larger service, and

My  **HEALTH** to better living,

For my club, my community,
my country and my world.

Motto: To Make the Best Better

Slogan: Learn by Doing
