 - The hospital café serves an exclusive lacto-ovo vegetarian menu and supports local farmers by incorporating island-grown produce in the salad bar.
 - Castle nutrition services prepares the "Meals on Wheels" meals for home-bound seniors in the community.
 - Castle clinical dietitians implement patient-centered care
- Lessons Learned: Marketing, in-patient assessment skills, patient-centered nutrition education

Castle Medical Center

and the Castle Medical Center Nutrition Services 'Ohana

Women, Infants and Children (WIC) Wahiawa

Mission:

To safeguard the health of low-income women, infants, and children up to age 5 who are at nutrition risk by providing nutritious foods to supplement diets, information on healthy eating, and referrals to health care.

Laura Morihara RD

Women, Infants and Children (WIC) Wahiawa

- Did you know that WIC...
 - provides many incentives to encourage mothers to breast feed their infants up to one year.
 - loans electrical breast pumps to breastfeeding mothers who will return to work or school.

Laura describes promoting breastfeeding and counseling mothers to overcome breastfeeding obstacles as her sacred work.

• Lessons Learned: Patient-centered counseling skills, practical strategies to increase breastfeeding among postpartum mothers.

Women, Infants and Children (WIC) Wahiawa

WIC Wahiawa 'Ohana

(Mele), Terri, Rochelle, Ron, Sally, Vanessa, Laura, Teresa, Wendy, Debbie

Goals:

- To provide educational programs that increase the likelihood of healthy food choices...
- To provide practical foods and nutrition education training ...
- To provide statewide leadership and work with a diversity of organizations to achieve common goals.
- To safeguard the health and well-being of limited income households by promoting skills building and access to a healthy diet.

Naomi Kanehiro MS RD

Expanded Food and Nutrition Education Program EFNEP

Executive Office of the Aging: Funds "Good Grinding for Wise Dining"

- Did you know that N.E.W...
 - Has developed and continues to manage over 15 community education and outreach projects in the islands.
 - Has a website that provides links to resources for professionals working in the community. http://www.ctahr.hawaii.edu/NEW/projects.htm

Lessons learned:

traditional cultural food
"Good Grinding and Wise Dining"
pre-pilot testing with seniors

adzuki bean dessert, Zenzai

Mrs Tsukada and Mrs Mizukami

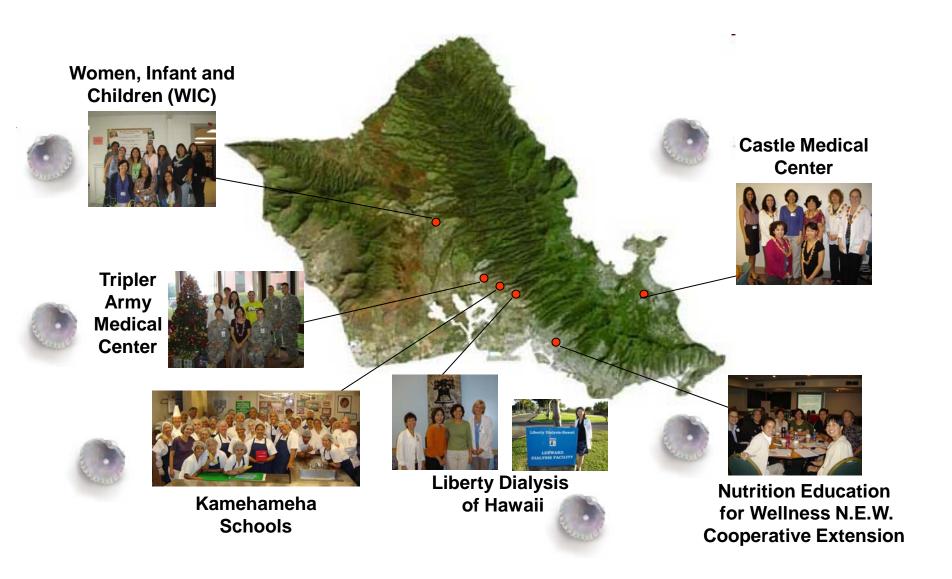

N.E.W. Cooperative Extension 'Ohana

Conclusion A New Perspective

- Each facility is a 'pearl' a valuable asset in maintaining the wellbeing of our unique island community
- Local Network: sharing our resources / experiences can improve quality of services offered to the community
- As a dietitian planning to live and work in the islands: Interning at these local facilities has prepared me to be a greater asset to the people of my island home.
