

Easy Profit Estimator

Every businessperson needs to be able to quickly estimate costs and revenues, but it isn't necessary to have a computer or calculator to do it. CTAHR's Easy Profit Estimator takes up 42 inches of wall space and allows for quick, at-a-glance estimations. It also contains detailed instructions on how to track costs, estimate revenues, and organize your business data. Great for agricultural, fishing, craft, food, service, and other businesses.
