

New book commemorates the centennial of the University of Hawai'i's founding college!

Hawai'i's College of Tropical Agriculture and Human Resources

# Celebrating the First 100 Years

The establishment of Hawai'i's Agricultural Experiment Station in 1901, the College of Agriculture and Mechanic Arts in 1907, and the Extension Service in 1928 brought to the islands the land grant system's tri-partite mission of research, education, and extension to serve Hawai'i's people. As the founding college of the University of Hawai'i, we take great pride in the accomplishments of the many hundreds of employees and many thousands of undergraduate and graduate students and extension learners who have been affiliated with our college. This centennial book captures and celebrates some of the energy and accomplishments of the people involved in CTAHR's first century. We encourage you to buy this limited-edition book for yourself and as a gift for family members or friends.
