Eating for Wellness
“Create a plate with fruits and veggies”

Nutrition information can be very confusing. Instead of memorizing or guessing how much to eat, there is a simple way to just eat. It’s called the plate method.

Half of the plate is filled with fruits and veggies and they can be piled up as high as we want. A starch fills a fourth of the plate and a protein food the remaining fourth of the plate.

Thousand Island Dressing

**Ingredients:**
- 1 (6-ounce) lowfat vanilla yogurt
- ¼ cup ketchup
- ¼ cup pickle relish
- ¼ teaspoon pepper

**Directions:**
1. In a small bowl, MIX yogurt, ketchup, pickles, and pepper.
2. CHILL for 1-2 hours before serving.

**Variations:**
Use as a dressing or dip for vegetables and salads in place of mayonnaise.
