Prevent Rat Lungworm Disease

👀 ➜ 💦 ➜ 👀 ➜ 💦 ➜ ✔️ ➜ 😋

In the kitchen:
WASH your hands with soap and water. CLEAN your kitchen surfaces, cutting boards and utensils.

RINSE
SEPARATE the leaves and sections.
LOOK. (Inspect for slugs and other debris.)
RINSE with clean potable (drinkable) water.
   (Additives don’t add any benefit.)
LOOK again. (Recheck for what you may have missed.)
RINSE. (Rinse again before preparing.)

COOK
RINSE well. COOK to 165°F.
