

				MITES										
MITICIDES														
abamectin	macrocyclic lactone	G	N TL	Avid	L	L	E	L	L	L	E	L		
bifenazate	carbazate	G	N TL	Floramite	L		L	E			E			
bifenthrin	pyrethroid (synthetic)	G		Talstar Flowable	L	L	L	L			L	L		
chlorfenapyr	pyrrole	G		Pylon	L	L	L	L	L	L		E		
chlorpyrifos	organophosphate	G	N TL	Dursban 50W	L		L	L			L			Restricted use
				DuraGuard ME	L		L	L			L		Restricted use	
clarified hydrophobic extract of neem oil	70% neem oil	G	N TL	Triact								L		
clofentezine	tetrazine	G	N	Ovation							L			Ovicide
deltamethrin	pyrethroid (synthetic)			TL	DeltaGard T&O							S		Suppression only
dicofol	chlorinated hydrocarbon	G	N TL	Kelthane 50WSP	L		E	L			E			
etoxazole	2,4 diphenyloxazoline derivative	G	N	Tetrasan			L				E			
fenbutatin	organotin	G	N TL	Vendex 50WP T/N/O							L			Restricted use
fenpropathrin	pyrethroid (synthetic)	G	N TL	Tame							E			Restricted use

**Cooperative Extension Service, College of Tropical Agriculture and Human Resources, University of Hawaii at Manoa CTAHR Miscellaneous Pest Publication MP-4, Sept. 2005**

Prepared by Andrew F. Kawabata, Arnold Hara, Brian Bushe, and Christopher Jacobsen

\*This information is accumulated from a search of world literature and interviews with researchers, extension agents, chemical sales representatives, and other agricultural professionals in Hawaii.

\*\*Disclaimer: Reference to a commercial product does not imply approval or recommendation by the College of Tropical Agriculture and Human Resources, Cooperative Extension Service, or the U.S. Department of Agriculture and does not imply its recommendation to the exclusion of other products that may be suitable. All materials should be used in accordance with label instructions.

Caution: Consult a chemical sales representative, the Hawaii Dept. of Agriculture, or the CTAHR Cooperative Extension Service for current information and updated recommendations.

The user is responsible for the proper use, application, storage, and disposal of pesticides. To avoid phytotoxicity, test the product on a small scale before making a large-scale application.

Published by the College of Tropical Agriculture and Human Resources (CTAHR) and issued in furtherance of Cooperative Extension work, Acts of May 8 and June 30, 1914, in cooperation with the U.S. Department of Agriculture. Andrew G. Hashimoto, Director/Dean, Cooperative Extension Service/CTAHR, University of Hawaii at Manoa, Honolulu, Hawaii 96822. An Equal Opportunity / Affirmative Action Institution providing programs and services to the people of Hawaii without regard to race, sex, age, religion, color, national origin ancestry, disability, marital status, arrest and court record, sexual orientation, or status as a qualified veteran. CTAHR publications can be found on the Web site <<http://www.ctahr.hawaii.edu/freepubs>>.
